Pop-Up Sessions!

Find hundreds of music clips
created and shared by artists in
Luxembourg.

KUK
KulturKanal
fir Lëtzebuerg

Live or on Replay, the KUK app
brings together cultural videos
from the Live aus der Stuff
project.

APPS

Access all your downloaded apps directly using the **'APPS'** button on your remote control.

MyTV

MyTV is your dedicated space for premium options.

Find it in the 'APPS' menu, where you can:

- ✦ Subscribe to themed packages (Sport, Cinema, Youth, etc.) and VOD Passes
- ✦ Add or remove channels from your Entertain Me package
- ✦ Activate the POP TV Go app on smart TVs (Apple TV & Google TV)
- ✦ Request additional recording space (PVR)
- ✦ View information related to your POP TV account and devices (service number and activation code).

Settings

Find all the settings relating to your decoder and your navigation in POP TV via the  button to the right of the navigation bar.

System settings

In this menu, you can:

- ✦ Change your network connection (for better quality of service, we recommend using an Ethernet cable)
- ✦ Manage your accounts and Google profiles
- ✦ Manage your apps (close or uninstall them, clear data, etc.)
- ✦ Set your device preferences (language, sound, keyboard, power management, storage, system update, etc.)
- ✦ Customise your accessibility options (bold text, colour contrast, audio description, etc.)
- ✦ Pair an accessory using Bluetooth

User preferences

In this menu, you can:

- ✦ Customise your channel display by filtering for your preferred languages
- ✦ Set your favourite channels
- ✦ Check your remaining storage space and manage your recordings. You can schedule your recordings remotely in the POP TV Go app (available in the iOS or Android store)
- ✦ Delete your history

Parental controls

This menu lets you change your parent passcode and set parental controls.

- ✦ You can hide or block access to certain channels and applications permanently.
- ✦ The parent passcode will be required to disable these controls. This will apply until the decoder is next put into Deep Sleep mode

Info

In this menu, you will find:

- ★ Your box serial numbers and your service number
- ★ The app version (with the option to launch an update)
- ★ Information about your personal data and legal notices
